建立工作項目

 除了專案管理員外，成員也可以自行建立工作項目

紀錄工作內容

若要撰寫工作內容，需要點選工作項目，然後輸入工作內容

The screenshot shows the OpenProject interface. The top navigation bar includes the OpenProject logo and the text '在專案管理系統'. The left sidebar contains navigation options: '工作項目', '預設', '所有「開啟中」工作', '最新活動', '最近創建的', '逾期', and '總覽'. The main content area is titled '所有「開啟中」工作' and features a '+ 建立' button, a filter for '包含的專案 1', and a '差異線' button. A table lists work items with columns for '狀態', 'ID', '專案', '類別', and '名稱'. The second row, with ID '5162', is highlighted with a red box and a red arrow pointing to it from the text '點選進入工作項目'.

狀態	ID ↑	專案	類別	名稱
● [重要][緊急]	5156	A	-	新增客戶
● [重要][緊急]	5162	A	-	新增客戶
● [重要][緊急]	5180	A	-	新增客戶
● [重要][緊急]	227	A	-	新增客戶
● [重要][緊急]	5212	B	-	新增客戶
● [重要][緊急]	5213	B	-	新增客戶

已讀通知

觀看「通知」後需要設定已讀

The screenshot shows a web browser window displaying a project notification page. The browser's address bar shows the URL 'project. [redacted] notifications'. The page header includes a search bar, a notification bell icon with a '6' badge, and the user's name '陳陳'. Below the header, there are buttons for '未讀' (unread), '全部' (all), 'Mark all as read', and '通知設定' (notification settings). The main content area lists several notifications, each with a status label (e.g., 'In progress', 'New', 'BUG'), a title, a time, and a 'Mark as read' icon. Red annotations with arrows point to the 'Mark all as read' button and the 'Mark as read' icons on the notification items. The annotations include the text '點選代表全部已讀' (click to represent all read) and '點選之後代表已讀 (這樣就不會每日發 email 提醒)' (click after represents read (so you won't get daily email reminders)).

通知

未讀 全部 **Mark all as read** 通知設定

點選代表全部已讀

點選之後代表已讀 (這樣就不會每日發 email 提醒)

In progress #51 - [redacted] - 關注者 2分鐘前 by 理員

Tasks [redacted]

New #44 - [redacted] - 負責執行者 16分鐘前 by [redacted]

BUG 無法連線到設備

In progress #49 - [redacted] - 負責人 1小時前 by [redacted]

Tasks [redacted]

自訂工作項目版面

1 使用者可以自訂想要看的版面

The screenshot shows the OpenProject web interface. The browser address bar displays 'project.hlmt.com.tw/projects/android-app/work_packages?query_id=131'. The page title is 'APP開發'. The main navigation bar includes a menu icon, a search bar, and the 'OpenProject' logo. Below the navigation bar, there are several filters: '全部' (All) with a red circle '2', '+ 建立' (Create), 'Include projects 1', and 'Baseline'. A search filter section contains '用文字篩選' (Filter by text) with the input '主旨, 描述, 評論 ...'. Below this is a '狀態' (Status) dropdown menu set to '全部' (All) with a red circle '1'. A red box highlights a text instruction: '設定觀看全部工作項目 (含關閉狀態), 然後儲存成步驟 2 「全部」。這樣以後就能在左側下角「私人」查看。' (Set to view all work items (including closed status), then save as step 2 'All'. This way you can view 'Private' in the bottom left corner later). Below the instruction is a table of work packages with columns for ID, Title, Type, Status, and Assignee. The table contains five rows of data. At the bottom left, the '私人' (Private) filter is selected in the sidebar, with a red circle '3' next to it.

ID	Title	Type	Status	Assignee
44	...	BUG	New	...
45	...	TASKS	Closed	...
46	...	MILESTONE	New	...
47	...	TASKS	Closed	...
49	...	TASKS	In progress	...
50	...	TASKS	Closed	...

分享工作項目給非專案成員

The screenshot displays the OpenProject web interface. At the top, the navigation bar includes the OpenProject logo, a search bar with the text "在專案管理系統 搜尋", and notification icons. The main content area shows a task list with a "TASKS" label. A red box highlights the "TASKS" label, and another red box highlights the "+ 建立" button. A red arrow points from the "+ 建立" button to the "分享 1" button. A modal window titled "分享工作項目" is open, showing a search bar with the text "以帳號或電子郵件搜尋", a "檢視" dropdown, and a "共享" button. Below the search bar, there is a section for "1 個使用者" with a "類型" dropdown and a "角色" dropdown. A list of users is shown, including one user with a profile icon and the name "非專案的成員". A red box highlights the "編輯" button next to this user, and another red box highlights the "刪除" button. A red arrow points from the "非專案的成員" user to the "編輯" button.
